18) The D.C. Tinnevelly has recorded the view that the acting service of 7 years with good conduct (Vide Flap V) under the rule. This is rather hard.

19) In the peculiar circumstances of the case, I would suggest that half of this period may be permitted to count as a concession, and the pension admissible in addition (viz 1-4-0 subject to verification by the Compt) may be sanctioned with effect from the date of retirement. The Compt may be asked to issue a revised pension roll.
